

# SHIP SUBSIDY IS SHOWING SIGNS OF SEASICKNESS

## Nearly Loses Sea Legs at End of Second Day's Voyage

(By The Associated Press)

WASHINGTON, Nov. 24.—Sailing along through peaceful and then through turbulent seas, the ship bill held its own in the house today as friends sought to speed its voyage and enemies fought to sink it by the head.

Whether seven hours of debate topping off a whole day of it that had gone before had changed many votes, leaders declined to say.

But while the debate was still raging late in the day with only a handful of members on the floor, Representative Mondell, the Republican leader, went to the white house and assured the president that the measure would be passed on the eve of Thanksgiving.

Fourteen members spoke for and against the bill today, but only two broke out of party line. Representative Gahn, Ohio, Republican member of the merchant marine committee which framed it, declared he would not vote with the Republicans, asserting that the bill had been jammed through the committee.

Then turning to the Democrats, he said it would be to their advantage to let it pass with the certainty that it would mean the crushing of the Republican organization two years hence.

Representative O'Connor, Louisiana, spoke for the bill.

The principal attack on the measure was made by Representative Davis of Tennessee, Democratic member of the merchant marine committee, who spoke for three hours.

"If it becomes a law," he exclaimed, there will be the worst scandal in the history of the American Republic."

Should be slow to act

Until world shipping conditions have returned to normal, Mr. Davis insisted congress should be slow to act. He suggested that the control of the government's shipping fleet be transferred to the department of commerce under direction of an able, experienced and patriotic shipping man like Thomas H. Rosbottom, general manager of the United States Lines.

Congress should repeal the tariff on ship materials and the law against registry of foreign vessels, he declared, adding that with the advantages already possessed the American merchant marine could compete with the world.

There was a wide difference between the estimates by Mr. Davis and Representative Kirkpatrick of Pennsylvania, Republican member of the committee, as to the amount of subsidy to be paid big passenger lines.

Mr. Davis contended that the Leviathan, the world's second largest ship, would receive \$900,000 a year or twice that amount if the shipping board saw fit to double the pay. Taking the case of the Steamship George Washington, next in size, Mr. Kirkpatrick held that by making 12 voyages a year she would earn \$206,000.

Representative Jetterson of Nebraska, a Republican member of the merchant marine committee, speaking as a resident of the central west in favor of the bill brought applause by asking why congress should shy at the mere shadow of the word subsidy when it means a saving of \$20,000,000 a year to the taxpayers.

"The Republican party, under sentence of death, it proceeding to steal something from the treasury," shouted Representative London, Socialist, New York, who contended the government ought to keep on operating its ships.

Representative Chindblom, Illinois, also spoke for the bill.

# BULLETS ARE READY LETTER SAYS

(By The Associated Press)

ST. LOUIS, Mo., Nov. 24.—A letter declaring that the bullets are ready for the visit to St. Louis December 5 of Georges Clemenceau, was received at the mayor's office today. Following receipt of the letter, which was signed in a lead pencil scrawl, American war veterans and was written in a crude hand on ledger paper, police officials announced that added precautions will be taken to protect the "tiger" when he is here although it was said the letter probably was written by a crank.

# GENERAL KILROY AND HIS MEN CAPTURED

Dublin, Nov. 24.—General Kilroy and 70 men of his irregular forces have been captured by General McKee of the Free State army near Newport. The capture was due to an encircling movement by the Nationalist forces which had been in camp in County Mayo for the last few weeks.

# OSTEOPATH HEAD KILLS HIMSELF ACCIDENTALLY

Shoots Self While Demonstrating Automatic Revolver

(By The Associated Press)

KIRKSVILLE, Mo., Nov. 24.—A coroner's inquest was to be held today into the death of Dr. George A. Still, president of the American School of Osteopathy here and nationally known osteopath, who was killed instantly last night, when an automatic pistol he was demonstrating discharged. The bullet penetrated his brain.

The accident occurred in the presence of his wife, Mrs. Adella Dockery Still, his parents, Dr. S. S. Still and Ella Still, and about thirty-five nurses, internes and physicians of the school of osteopathy who were guests at the Still home.

Dr. Still was a sportsman and a lover of out doors. He had shown members of the party his shot guns, and was exhibiting the mechanism of a new automatic pistol which he recently had purchased when the accident occurred. He was born at Eudora, Kan., and at early age moved with his parents to Kirksville. He attended the public schools here and later entered the Kirksville Teachers' college. On his graduation he became a student in the medical school of Northwestern university at Evanston, Ill., graduating in 1904. He previously had received his bachelor of science degree from Drake university.

Upon his graduation from the American School of Osteopathy, Dr. Still became instructor of surgery in the institution. He later was promoted to the position of surgeon in chief at the hospital in connection with the school and five years ago was appointed president of the school.

He is survived by his widow, parents, and a sister, Mrs. Guy Brunk.

# FEDERAL CONTROL MUST BE CONTINUED UNTIL JANUARY 1

Decision to That Effect Was Made by Harding Yesterday

(By The Associated Press)

WASHINGTON, Nov. 24.—Federal control distribution must be continued until January 1, President Harding decided today. C. S. Spens, federal fuel director, today called on the president to resign his office but after discussing the situation agreed to remain in service until that date and to continue in effect the present supervision or a modification of it until the first of the year.

The president it is understood expects to declare the emergency during which federal control operated at an end on January 1, but considers that some degree of control must then be continued in force. By a series of orders issued recently the last of which came out today and released bituminous coal mine operators in the district west of the Mississippi from the necessity of reporting prices, Mr. Spens has relaxed the original regulations created to insure proper distribution of the coal supply. In addition the gradually increasing output of coal and quantity of stocks in store, Mr. Spens has announced relieved fears of a shortage, particularly of bituminous.

Anthracite has presented a more serious problem in view of the prolonged shutdown due to the strike and the impossibility of increasing output of mines materially.

# ALLEGED ROBBER UNDER ARREST

OMAHA, Neb., Nov. 24.—Jack Beyers, arrested yesterday in Des Moines confessed after his return, here, police say to having a part in the robbery of L. McDonald Niles, Mich., hotel man, who recently complained to police that he had been robbed of \$1,700 after he went on a taxi ride recently.

Two other men and a woman also have been arrested. Following the alleged ride, McDonald was found with his head cut in the home of a dairyman.

Beyers, police say came here from Michigan with McDonald.

# LOCOMOTIVE BOILER EXPLODES; TWO DEAD

BARRYTOWN, N. Y., Nov. 24.—Two men are dead and a third is expected to die as the result of the explosion of the locomotive boiler of a fast New York freight train as it entered the Astor Tunnel near here tonight. Pieces of the engine blown nearly a mile set fire to buildings on the Astor estate.

# SCHOOL TEACHER GETS \$10,916 DAMAGES

Winona, Minn., Nov. 24.—Miss Ethel M. Olson, school teacher of Austin, Minn., was awarded \$10,916 by a jury in federal court today against James Davis, as directed by general of railroads. She sued for \$25,000 for injuries alleged to have been suffered in 1919 while alighting from a train.

# UNITED STATES WANTED IN NEAR EAST CONFERENCE

## Clemenceau Accepts Challenge of U. S. Senators

(By The Associated Press)

BOSTON, Nov. 24.—His fighting blood up, the Tiger of France turned from the abstract to the specific today answered his critics at Washington with barbed phrases and declared that what he really came to America for was to seek to draw the United States into conference at Lausanne, for the settlement of the eastern crisis.

Speaking in Tremont Temple before a fashionable audience, Clemenceau said he had not intended to tell Americans how to run their own business.

"But they have asked me to go further," he said referring to the assertions of senators that his addresses were too vague. "They also dared me. I am ready today in Boston to go a little further. I'll give you not an advice but what I think. It is the very simplest thing in the world. There is at Lausanne a conference where England and France are supposed to meet with Italy which might meet with some difficulties. Let the Yankee come and say 'good day, gentlemen is there a seat for me?' They will give him an arm chair.

"Never were circumstances better. Go there and you will meet the eastern question which has been troubling the world for 500 years. And you will do more—you will settle it, because you can do it, because the presence of America in Europe again will tell the Germans that they won't go farther than certain limits and because everybody will understand that there is a moral and material power which is to take possession of the world, not for domination, but for freedom."

Earlier in the day Clemenceau had granted his first American interview in which he answered caustically the criticism levelled at him and his country in yesterday debate on the senate floor at Washington. He had paid special attention to Senators Hitchcock and Borah, launching barbed sallies at both, some of which were so hot that he later asked that they be stricken out.

Reproaches Critics.

He paid his respects to them again from the platform, without using their names. And his defense of himself and of France against charges of "militarism" and "imperialism" here were couched in terms of reproach rather than in fiery sentences.

"Today," he said, "I hear I am an imperialist because I have got a war budget of five billions and that I am a militarist because the French have military service of 18 months."

"Well, I hope if we are not too early surprised by a new war that this time of military service can be shortened. I hope that the French budget of war can be lessened. But I am not going to make any promises about it. I do not concede that England and America have the right to complain because they left me and obliged me to defend my country in such a manner. I am not to complain of you because you organize your military and navy defense as you see best according to your laws and decisions of congress. Therefore why should you complain of me? Don't you think it rather humiliating?"

Drawing a paper from his pocket he read:

"In 1921 the United States of America spent \$1,775,000,000 for war purposes. The same year France spent \$435,000,000."

"Now who's militaristic?" he demanded.

After the address Clemenceau was taken to the Boston museum of fine arts, where he divided his time between two of his pet hobbies—remains of prehistoric creatures and Chinese and Japanese art.

Mr. Clemenceau will go to New Haven tomorrow to attend the Yale-Harvard football game.

# FIXTURES OF BENSON RESTAURANT SOLD

Restaurant stock and fixtures belonging to Mr. and Mrs. Joseph Benson were sold at public auction by Auctioneer Charles M. Strawn. It was thought that there might be a bid on the entire equipment of the north restaurant, but it was necessary to auction the pieces separately, and it seems likely that there will be no restaurant in that location hereafter.

# Bulgaria and Greece Quarrel at Lausanne

(By The Associated Press)

LAUSANNE, Nov. 24.—Elphtherios Venizelos, former premier of Greece and M. Stamboulisky, the Bulgarian prime minister faced each other at today's session of the Near Eastern conference when an effort was made to reach an agreement on Bulgaria's claim to an outlet into the Aegean Sea. Both men showed great emotion. Stamboulisky was holding out for the actual possession by Bulgaria of the port of Dedeagatch, contending that in no other way could Bulgaria be guaranteed free commerce. Venizelos opposed this proposal in an impassioned speech holding out for a free port at Dedeagatch controlled by a mixed commission.

The tenor of the speech of M. Venizelos alone indicates that difficulties Bulgaria would have in dealing thru a port which is not actually in her possession. Mr. Stamboulisky retorted.

This clash did not give weight to the rumors of a Balkan entente, to include Greece, Bulgaria, Rumania and Jugoslavia, which rumors have been circulated in Lausanne lately.

Bulgaria today made reservations on the decision to give her the use of Dedeagatch as a free port and Turkey made reservations on the plan for demilitarizing the neutral zone along her western border without giving her any guarantees that neutrality would be respected.

Thus Lausanne seemingly is getting into the class of the

# SENATOR JOHNSON ISSUES STATEMENT ON FRENCH TIGER

## Says Concerned with France's Wealth not World's Woes

(By The Associated Press)

SAN FRANCISCO, Calif., Nov. 24.—A charge that Georges Clemenceau, France's great war premier is not concerned with the world's woes but with his country's wealth was made in a statement today by Sen. Hiram Johnson.

"He comes to America the foremost champion of France to insist that America in some nebulous undisclosed fashion shall be a part of the European maelstrom to which France has contributed so much," Johnson said. "He has a single thought, France and France's advantage. I admire his sturdy patriotism that would let the rest of the world hang if France only can be benefited."

"I do not criticize his effort with the aid of some of our internationalists who are thinking more of profit than of patriotism, to push us blindly into Europe's troubles for France's gain. But remembering the Paris conference and Clemenceau's attitude there with the Versailles treaty and its economic suicide before us, the most generous and charitable of Americans may be pardoned for courteously declining the perverted invitation of the eloquent Frenchman to become a part of France's unknown adventures or the economic or other wars or controversies of Europe."

# BETHLEHEM ABSORBS MIDVALE COMPANY

(By The Associated Press)

NEW YORK, Nov. 24.—Completion of negotiations for the absorption of the Midvale Steel and Ordnance company by the Bethlehem Steel corporation was announced tonight by President E. G. Grace of the Bethlehem company. This acquisition will give the Bethlehem concern an annual ingot capacity of 7,600,000 tons.

Announcement also was made by W. E. Corey, chairman of the board of Midvale Steel and Ordnance company, of approval by the directors of contracts for the sale of the assets and properties of that company and of the Cambria Steel company owned by the Bethlehem corporation and the Bethlehem Steel company.

The contract negotiated by Presidents Corey and Grace called for a purchase price of \$97,650,000 which will be paid in common stock of the Bethlehem company. Mr. Corey will retire as head of the Midvale corporation but will be represented on the board of the Bethlehem Steel corporation.

Grace said the purchase had received a clean bill of health from Attorney General Daugherty but that opposition was anticipated from the federal trade commission as was the case when the Lackawanna Steel company was taken over by the Bethlehem interests.

# STILLMAN FAILS TO WIN COURT DECISION

(By The Associated Press)

NEW YORK, Nov. 24.—James A. Stillman, New York banker failed today in his fight to have set aside the decision of supreme court Justice Morschauer confirming the referee's report upholding the legitimacy of Baby Guy Stillman and denying the banker's plea for a divorce from Ann U. Stillman.

The appellate division of the supreme court in Brooklyn today affirmed the order of Supreme Justice Seeger, who on October 28 denied the application of Stillman's lawyers to vacate the Morschauer decision. According to John F. Brennan, chief counsel for Mrs. Stillman, this ruling is final.

Mr. Brennan said tonight the only avenue left open to the banker should he desire to continue the legal battle is to carry the case to the appellate division on an appeal from Justice Morschauer's judgment. Cornelius J. Sullivan, of counsel for Mrs. Stillman could not be reached tonight.

# ERSKINE CHILDERS TRAGEDY SHOCKS GREAT BRITAIN

Is More Startling Even Than Death of Michael Collins

(By The Associated Press)

LONDON, Nov. 24.—The tragedy of Erskine Childers has shocked and startled England even more than did the death of Michael Collins. Well-wishers of the Irish free state of whom there are many in London expect that the execution of Childers may mean the beginning of a new chapter in the turbulent history of Ireland. In many quarters today the fear was expressed that this chapter may be described by the word reprisals and that the reprisals may be bloodier and develop into more intense internecine warfare than that which has gone before.

Many people in England were shocked at the news of the execution because they knew Childers, knew him when he bore a honored name as a British patriot who gave his country good service in the African war and when he was a hero in the British literary world as author of "The Riddle of the Sands." This work was hailed as not only of great literary merit but as something of a tract on patriotism.

None of Childers' old friends who were spoken to today seemed to know just when and why he underwent the transformation from an ardent British patriot to an Irish revolutionary. His mother was an Irish woman. The Childers family came from a distinguished line. The dead man's father gained fame as an orientalist scholar.

Childers' wife is an American woman and traces her ancestry back to the American Revolutionary days in the lineage of the Putnam family. She was the heroine of an adventure when Childers in 1914, as a retort to the Ulsterites landing arms in North Ireland brought a consignment of arms for South Ireland to the coast a short distance north of Dublin. Mrs. Childers who is described as a daring yachtswoman is said to have piloted the yacht thru the darkness of the night.

# CONSIDER MEANS FOR ENFORCING PROHI MEASURES

President's Cabinet Place Great Importance on Question

(By The Associated Press)

WASHINGTON, Nov. 24.—Measures and means of strengthening the hands of the government in its determination to enforce the prohibition law occupied the entire time today of President Harding and his cabinet it was stated at the white house. The discussion lasted an hour and the executive and his advisers were reported as feeling that the question was of vast importance than generally was given. The interest of the government aside from the single question of law enforcement was said to lie in a concern about undermining of the moral sense of the people by a continued, flagrant and too ready violation of a statute.

# WASTE CHARGED

(By The Associated Press)

WASHINGTON, Nov. 24.—The bill filed against the Bentley company charged there was "great and unexcusable waste" of the materials purchased for Camp Sherman and that the contractor sold to and also purchased and resold to the defendant at a profit much material that was not needed in the project. Further charges were made that large amounts of useless and unnecessary work was done in such manner that construction was retarded and that workmen employed without reference to skill, experience or other capacity were paid the same scale of wages as skilled workmen and artisans.

As a result of the Bentley case, the government asserted the cost was not enhanced but sickness and death of some soldiers ensued.

Charges of mismanagement against this contractor included also accusations that he "permitted continual loafing, misdirection of effort and sabotage" permitted, advised and caused large quantities of lumber, cement, hardware, tools and other tools and equipment to be destroyed and that portions of the project were sublet to other parties and the cost added to the bills submitted to the government. Attorney General Daugherty said every means would be used to hasten the trial of the four suits.

"The amounts sued for," he said, "represent what those who have been continuously engaged in the work of investigating and preparation believe conservatively the government ought to recover. What should be recovered will not be a matter for the courts to determine."

# WITHHOLD DECISION ON ARMOUR PROPOSAL

(By The Associated Press)

WASHINGTON, Nov. 24.—Decision by federal government on the proposal of J. Ogden Armour that Armour and Co. be permitted to purchase Morris & Co. another of the Chicago "big five" packers, still was withheld today, although settlement of the question had been expected early in the week. At the White House it was stated that the decision was not one for the president to make but in other official circles the opinion was expressed that the executive probably would be called upon finally to settle the matter.

Down in Washington just now there seems to be a scramble among statesmen interested in trying to do something for the farm interests of America. That something needs doing no one will deny, and with many desirous of bringing relief to pass the prospects are excellent for agriculture.

The "Tiger of France" who and to further cement the friendly relations between his country and America does now seem to be making much headway. American people while honoring Clemenceau are giving a deaf ear to his suggestions that there should be American participation in the troubles of Europe.

Mr. Sherman described himself yesterday as a man who at 64 years of age is quite tolerant of the views of others and well satisfied to let other people decide about their own affairs. The suggestion was that men are likely to become more tolerant as the years advance. Perhaps that is because judgment grows more mature and the cocksureness of youth is past.  
What a pity, too, that tolerance cannot be cultivated to a greater extent in the early years of life—that tolerance which credits the other man with sincerity of purpose. In advanced years the average man comes to feel that after all, most people are honest and well intentioned, even those people whom he used to view with suspicion. A tolerant spirit ranks well at the top of the list of virtues.

Mr. Darrow gave an interesting presentation of objections to the proposed constitution from his viewpoint. Jacksonville people for the most part were more interested in his method of attack than they were in the charges made. His objections were given by suggestion, by the asking of rhetorical questions rather than by argument backed with logic.  
From an unbiased viewpoint it cannot be said that Mr. Darrow made a convincing address. He was intensely sarcastic, impugned the motives of the majority of the constitutional convention delegates and made a class appeal. It was an address which interests

"SAFETY FIRST" is well intended as a motto wise and splendid.

Yet the life that's wholly stranger to the lure of zest and danger: Never knows the thrill of moving in the glamour of romance; Keep your life-preserver ready and be cautious, cool and steady.  
But not so blooming cautious that you'll never take a chance!  
It is fine to be a chappy who is wide awake and snappy  
And alert for opportunities that frequently occur.  
And the vigorous "Go-Getter" will advance his purpose better Than the loafer who's affected with the hookworm, as it were.  
Yet there's naught more irritating than the bird who's operating With an unrelenting fervor and who's always on the run; In a world where fate's capricious it is well to be ambitious, But not so darned ambitious that you don't have any fun!

**MANCHESTER SOCIETY HAD MEETING FRIDAY**  
Worth While Girls of Baptist Sunday school held a regular meeting Friday afternoon at the home of Mrs. George Cooper, two miles west of Manchester. There were eighteen members present, and following the business session came a very pleasant social hour. The hostess served refreshments of sandwiches, pickles and cocoa.

Tuesday Mrs. J. E. Osborne entertained twenty-four ladies in honor of her birthday. It was an old fashioned quilting party and the women spent the day very busily and very pleasantly. At noon a splendid dinner was served.

Mrs. J. E. Wright and infant son have returned from Our Saviour hospital in Jacksonville. Mrs. J. H. Langdon returned Friday from a visit with her daughter, Mrs. Fred Collins in White Hall.

Manchester was well represented in Jacksonville Thursday and those there that day being Mrs. John Hardy and daughter, Lucille; Mrs. Anna Colwell, Miss Emily McCracken, Mr. and Mrs. Herbert McConnell, Mr. and Mrs. Clarence Smith, Mr. and Mrs. C. D. Chapman, Mrs. J. C. Andras, Miss Eva Gunn.

Senator Gray and Guy Husted addressed meetings here in the interest of the proposed new constitution Thursday afternoon and evening. Methodist church. Both meetings were attended by large crowds.

**MR. DARROW ATTACKED THE NEW CONSTITUTION**  
Famous Chicago Lawyer Heard in Address Here. Impugned Motives of Majority in Convention—Revenue Proposal Basis of Most Acrid Criticism.

Hon. Clarence Darrow of Chicago, master of satire and famous as a criminal lawyer, made an address in Jacksonville Friday night in opposition to the proposed new constitution for Illinois.

Mr. Darrow spoke in the Morgan county circuit court room and the audience present completely filled that auditorium.  
The speaker was introduced by William N. Hairgrove, by whose invitation Mr. Darrow came to Jacksonville. He was given the most rapt attention and the interest of the audience was maintained throughout an address two hours and a half in length.

The arguments presented against the constitution were mainly a matter of suggestion and Mr. Darrow sought, by scathing sarcasm to question the motives of the men who dominated the convention. He charged that most of these men were the tools of the big interests, and that various provisions in the constitution as proposed were there simply for the purpose of exempting the property of the rich and shifting the tax burdens to the poor.

It was an address which would make it class appeal, and with it the suggestion that many of the delegates in the convention which framed the constitution were merely the hirelings of the moneyed interests.

**Revenue Proposals**  
The greater part of Mr. Darrow's address was therefore devoted to the revenue proposals. He assailed the state income tax proposal with the federal income tax. The state measure proposes that no income tax shall be on a higher rate than three to one, and Mr. Darrow, quoting the fact that federal income tax is graded all the way from 4 to 55 per cent, declared that the intention of the constitutional convention was to make certain that men in Illinois with huge incomes could not be heavily taxed.

He made much of the point that while an exemption of \$500 may be given Illinois tax payers, that it is obligatory that the rate for higher incomes can never be less than the rate of three to one ratio. He argued too that the phrase "imposition of labor" which is proposed to exempt from taxation, does not mean the tools which workmen use but does mean machinery in mills and the plants of industry.

In these and other points Mr. Darrow sought to show that throughout the revenue measure the prevailing thought of the constitutional convention delegates was to shift the tax burden from the rich to those of moderate means.

**Affects to Farmers**  
He made his appeal on this line not only to laboring classes but to the farmers. He declared that the proposed limitation of the representation of Chicago would not act as a curb to the big city.

With especially bitter sarcasm, in closing he assailed the section of the constitution which declares that nothing shall ever be done to abridge or amend the republican form of government in Illinois. He characterized this as an effort to make it impossible for generations to come to adopt initiative and referendum or kindred measures if they should so desire.

While it is safe to say that the majority of Mr. Darrow's auditors were not in agreement with his views, it is also safe to say that they enjoyed the cleverness of his presentation, his play on words, the "sides" that punctuated the address with humor.

Dr. William Dalton of Scottsville was a professional caller in Jacksonville on Friday.  
W. E. Murray made a business trip to Springfield on Friday.

**RECEPTION AT HOME NEAR WINCHESTER**

Mr. and Mrs. William Redshaw Entertain in Honor of Mr. and Mrs. Russell Redshaw—Other Winchester News Notes

Winchester, Nov. 24.—Mr. and Mrs. William Redshaw gave a reception Friday evening at their pleasant country home north of town, in honor of their son and bride, Mr. and Mrs. Russell Redshaw, who were married last Sunday evening. The hours were from 4 to 10 o'clock and the occasion proved a very delightful one in every way.

The house was tastefully decorated with yellow chrysanthemums, potted plants and pink carnations, the various rooms at the disposal of the guests presenting a very attractive appearance. During the hours, delicious refreshment were served.

Those in the receiving line were Mr. and Mrs. William Redshaw, Mr. and Mrs. Russell Redshaw, Mrs. Julia Mure, grandmother of the bride.

Assisting in the dining room were Mrs. Claude Thomas, Mrs. W. L. Bagshaw, Misses Ethel McClure, Louise Townsend, Hazel Doyle, Vivian Christison. Others assisting in entertaining were Dr. and Mrs. B. F. Webster, Miss Dorothy Hainsfurther, Mr. and Mrs. George Hogan, Mrs. William G. Watt, Mr. and Mrs. W. B. Clark, and Mr. and Mrs. James Edmondson.

**News Notes**  
Fred Stehman, who was quite ill at his home the first part of the week, is now somewhat improved.  
A basketball game was played between Winchester and Hillview Friday evening and was witnessed by a large crowd of enthusiastic fans. The score was 10 to 12 in favor of Winchester.

Rev. J. A. Carville of Carthage, Ill., will preach at the Baptist church next Sunday morning and evening.

Mr. and Mrs. Everett Moore of Kansas City have been visiting relatives here the past week.

Mr. and Mrs. E. J. Frost and daughter, Miss Louise, were visitors in St. Louis this week.

**IN MEMORY OF TINKER JONES LATELY GONE HOME**  
It seems to my mind that poor Tinker Jones should be left in peace, since he has gone home. And who will say in what home it will be. In the place of the bound or the home of the free.

By their works ye shall know them in the Bible we're told. Then let us speak kindly of Tinker Jones' soul.

For his work here on earth was the broken to mend. The crooked to straighten, to give and to lend.

It has never been said of poor Tinker Jones That he ever has meddled in other men's homes. No scandal or lies can be linked with his name. Altho he was unlettered, unlearned and unfamed.

His friends may be few but those that he had Were tried and true friends, none evil or bad. A wife, sons and daughters, for father will mourn. For Tinker at last has gone to his home.

And some day I think we may find it to be That poor Tinker Jones will be whiter than we. And a substitute limb made of Tinker Jones whole. But who ever heard of a substitute soul?

So poor Tinker Jones is at last laid to rest. We folded his weary hands over his breast. So cover him over and leave him alone. There are lots worse men than poor Tinker Jones.

## DEATH COMES AGAIN TO YATES FAMILY

Cecil Yates Third to Succumb Following Typhoid in Recent Weeks.

Death claimed its third toll from the William Yates family, colored residents of Jacksonville, when Cecil Yates, 19 years old, and at first thought to have the best chance for recovery of the four stricken children, died at Our Savior's hospital Friday. Re-lapses was brought on by hemorrhages, and it is believed that pneumonia set in.

Last reports of Almeta Yates at Passavant hospital, were favorable. It is hoped that the verdict will be reversed in her case. There are two older children of the family in Jacksonville, Oscar and Mary, and one, Leslie, in Painesville, Mo.

## FATHERS AND SONS ARE GIVEN BANQUET

Mothers and Daughters of Church Are Hostesses—Other Church Notes.

The Mothers and Daughters of Unity Presbyterian church gave a splendid banquet to the Fathers and Sons of the church Thursday evening. There were about 150 of the members and friends who enjoyed baked chicken with all good things that go with it. There was no formal program, but all present appreciated very much the opportunity of a social visit together, the men especially thoroughly enjoyed the fine banquet prepared by the ladies.

Mrs. John Hoagland, president of the Unity Workers has planned for that organization to meet this coming Tuesday with Mrs. Allan Russell.

The pastor of Unity church asks the members and friends to remember the Thanksgiving offering in money, fruits or vegetables for the Olivet Institute of Chicago to be brought either to the Mause or Church not later than this coming Sunday, also the pictures for Sunday evening will be upon the subject of Japan's New Day.

Union Thanksgiving service in the Presbyterian church Thanksgiving. Rev. A. E. Powell will preach the sermon.

## Oats now ready before coffee

There is now an Instant Quaker Oats which cooks to perfection in 3 to 5 minutes. It is the quickest cooking oats in the world.

The same extra quality as in regular Quaker Oats. Flaked from queen grains only—just the rich, plump, fluffy oats. They have the same exquisite flavor which won the world to Quaker.

But in Instant Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And the small thin flakes cook quickly.

Grocers have both styles—take your choice. The Instant style has "Instant" on the label.

**H. E. READ ADDRESSES BUSINESS GRADUATES**

President of Brown's Business College Stresses Love of Work—Thirty Five Graduate.

A graduating class of thirty-five from the several courses of Brown's Business College in this city, and an audience of considerable numbers heard an address on the principles of success by H. E. Read, president of the college, which was the feature of the commencement exercises held in the High school auditorium last night. "A Day Worth \$10,000," was the characterization President Read gave to graduation day at a business college, backing up his assertion with facts tending to show the value of completion of such training in the life of a man or woman.

Continuing, the speaker enumerated four points which he stated as cardinal to success. Love of work, elimination of moral hindrance, getting married and starting saving early, and paying in advance were successfully advocated and reinforced by serious and humorous illustrations.

"Love of work distinguishes the man from the animal, the adult from the child, and the civilized man from the savage," he said. "Without it we would go back to the age of the three-toed horse, the dipodomys and the megalothaurs." Using the phrase "tuning to your work" he showed how in many instances men had sprung to success by finding the work they could love, and urged the graduates not to simply fall into jobs, but to find out by study of the encyclopedia if necessary what field of work appealed to their instinct to give devotion to work.

In urging the elimination of moral hindrances, the speaker specially mentioned the avoidance of bad companions and books, fear, hate and worry. Then with the beginning of success made by devoted and unhindered work, no real success and credit is possible without saving. "In our present society the young people do not save enough, and the older ones who ought to be spending are often saving too much," he said.

Next he spoke of "pay in advance for success," the speaker said, "A young man on the near side of forty is foolish if he tries to get

pay for all he does. It may not be just, but it is a fact about our organization of society that the young man does not profit by all his labors immediately."

In conclusion, Mr. Read advised the graduates not to think of money and success as synonymous, stating that happiness, the goal of success, came from the inner nature of a man, and resulted from his giving than from his receiving from the outside either money or enjoyment.

On the rostrum with the speaker and graduates were Principal C. C. Claybaugh, who presided; Principal S. L. Gresham of Brown's Business College at Springfield, and Rev. W. H. March, who delivered the invocation. Members of the Short family were also present to give several musical numbers.

Hayden Walker made a few introductory remarks on behalf of the students. Principal Claybaugh made brief observations on the spirit of the class before distribution of diplomas. He characterized the class as a good one from the start, and a group that was easy to teach. He praised the large attendance especially in view of the important speakers in the city at the same time.

The list of the graduates is as follows:

Complete Business Training Course—Olive Chapman, Hazel Fae Christenson, Wilmoth Criswell, Margaret Doris Dewees, Armetta A. Meyer, Amy Scott.

Business Manager's Course—Alberta Black, James Burke, John Burke, Elmo Davis, Paul Johnson, Everett Moss, Raymond Roberts, Hayden Walker.

**FARM ORGANIZATIONS ARE FOR CONSTITUTION**

District Conference Here Outlined Plan for Township Aid at Coming Election—Former Senator Sherman Made Pro-Constitution Address.

A conference of representatives of farm organizations in this, the twentieth district, held here yesterday brought together representatives of practically all the counties of the district.

A morning session was held at which the feature was an address by Former Senator L. Y. Sherman, in favor of the proposed constitution. In the afternoon the conference continued for nearly three hours. At this time the constitution was discussed by the question and answer method and steps were taken for the organization of a district in support of the constitution.

The plan adopted was the naming of a general committee of three in each county. The work of such committee will be supplemented by the appointment of one representative in each township and one representative in each school precinct of the county. The thought is to bring about a better understanding of the provisions of the constitution and to get out the vote on election day.

Mayor Gave Welcome.

At the morning session Mayor E. E. Crabtree gave the call to order and extended an address of welcome. He complimented the Illinois Agricultural association because of the excellence of its work along various lines, and was able to speak from some personal knowledge because of his contact with some of the committee of the organization.

A. W. McNeil of Champaign, who is a director of the Illinois Agricultural association from this district, was presented as the permanent chairman and introduced Senator Sherman. At the afternoon session R. A. Cox of Bloomington, who is a director of the Illinois Agricultural association and in charge of the state publicity campaign for the constitution on behalf of the association, made an explanation of the reason the association is for the constitution and told of the work which is being done in various districts. Then, as indicated, came the question and answer period in which numerous questions were answered by Rolla Six of Barry and C. H. Ireland of Washburn, both of whom had served as members of the constitutional convention.

Senator Sherman in his morning address in support of the constitution spoke with the simple directness that characterizes all of his public utterances. Mr. Sherman devoted some time to discussion of the revenue measures in the constitution and declared that the main purpose in the income tax provision is that the state may reap taxes from the income from great quantities of intangible property and thus be able to reduce the taxes on real estate.

He explained that the legislature now has the power to levy an occupational tax which would be practically the same as an income tax but that the legislature is without power if it takes this action, to reduce the real estate taxes.

The speaker denied the charge that has been made that the adoption of the constitution would do away with the teachers pension system and said there was nothing in the constitution to invalidate the present law.

**Judicial Provisions**

Senator Sherman also answered the criticism of the provisions of the constitution with reference to the courts and judicial procedure. He said that the provision whereby certain offenders against the law may not be admitted to bail is intended as a protection to society and does not abridge the rights of the individual where such rights should not be abridged.

He cited cases to show how often the farce is enacted of a known criminal being arrested for a crime and almost immediately turned loose on bail to go ahead with his criminal career before the original case is tried on some months in the future. It is because of these provisions, the speaker said, that every criminal lawyer is opposed to the constitution, not so much because of any increase in power given the courts but because of the refusal of the convention to include a proposal which organized labor

**BOY KILLED WHEN CAR FALLS IN CREEK**

Ellis Abbott Pinned Under Car In Water and Drowned—Coroner Rose Held Inquest.

Ellis Abbott, son of Mr. and Mrs. G. C. Abbott, residing about six miles from Arenzville, was drowned about 4 o'clock Friday afternoon when an automobile he was driving ran off a bridge into Willow Creek turning turtle in the water.

Abbott was pinned under the car and was dead when taken out. Those who got the body out said that it was lying face downward and was covered with mud and water.

Coroner Rose was notified of the death and went to the home of C. E. Rice near the scene of the accident Friday night and held an inquest. The jury composed of C. E. Pond, foreman, Edgar W. Hee, clerk, Lewis Kingman, William Jakisch, William Parlier and Edwin Ommen returned a verdict in accordance with the facts as brought out in the testimony.

Only two witnesses were examined, C. E. Rice and Roy Burrus, who helped rescue the body from under the overturned car. Mr. Rice said he was called by Mrs. Burrus about 4:30 o'clock who said a car had turned over in the creek with some body under it.

Witness said he went over and helped to raise the car and Mrs. Burrus and Mrs. Abbott, mother of the victim pulled the body out. Mr. Rice said the car was traveling the main road going south and from some unknown cause turned to the left going off the edge of the bridge into the creek about twenty feet below and turning upside down. Mr. Rice said he called Dr. A. F. Streuter of Arenzville, who responded in a short time. He pronounced life extinct on his arrival. The testimony of Mr. Burrus was substantially the same as that of Mr. Rice.

Ellis Abbott was 19 years of age. No arrangements have been made for the funeral.

**BETTER THAN CALOMEL**

Thousands Have Discovered Dr. Edwards' Olive Tablets are a Harmless Substitute

Dr. Edwards' Olive Tablets—the substitute for calomel—are a mild but sure laxative, and their effect on the liver is almost instantaneous. These little olive colored tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. The pleasant little tablets do the work that calomel does, but have no bad effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So go strong liquids. It is best not to take calomel. Let Dr. Edwards' Olive Tablets take its place.

Headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Dr. Edwards' Olive Tablets when you feel "lumpy" and "heavy." They "clear" clouded brain and "perk up" the spirits. 15c and 30c

## Service Star Legion To Give Party For Vets

A real party and genuine good times is being planned by the members of the Service Star Legion for the ex-service men at Jacksonville State hospital, this afternoon. The men have been invited to the American Legion hall for the afternoon and preparations have been made to show them a royal good time. An informal program of music and stunts will be given and the boys themselves will take part as a number of them are accomplished musicians and entertainers. During the afternoon an excellent luncheon will be served by the Service Star ladies. The committee in charge of the party includes Mrs. E. Spink, Mrs. W. D. Wood, Mrs. J. D. Smith and Mrs. J. A. Paschall.

## L. C. Grads Attend Banquet At Urbana Last Night

The alumni of Illinois College who are attending the state teacher conference in Champaign this week end, and the grads who are taking courses at the University, gathered last evening at the "Green Tea Pot" in Urbana and enjoyed a reunion and banquet. A large number of former Illinois College students were present at the affair and an interesting program of informal talks and speeches was given. Miss Helen Taylor, of the class of '21 at Illinois and who is now teaching in the University High school, had charge of the arrangements for the banquet. Dean G. H. Scott, who is attending the conference at Champaign this week end, was present and responded to a toast.

Another guest was Irvin Potter, superintendent of the public school at Dixon, and a former faculty member at Illinois College.

## Angora Girls Entertain Gamma Deltas

The members of the Angora society of Illinois College gave a very delightful party last evening at the home of Miss Grace Hopper on North Prairie street for the Gamma Delta members. The affair was a Japanese party and the house decorations and appointments for the affair made it most lovely and effective. The officers of the society were in the receiving line and were prettily dressed in the costumes of the Land of the Cherry Blossom. Entertainment in keeping with the Japanese idea had been planned for the occasion and during the evening attractive refreshments were served.

## Mrs. Gregory Hostess At Bridge

Mrs. A. R. Gregory was the hostess at an afternoon bridge given yesterday at her home on South Main street, in honor of Miss Helen Matthews and Miss Ruth Strawn Matthews of Kansas City, who are visiting here with Mrs. Barr Brown. Several tables were made up for cards and the afternoon pleasantly spent in playing. The Gregory home was made attractive for the occasion with colorful fall flowers.

## L. W. C. Luncheon In Urbana

A luncheon attended by Woman's College alumnae and former students will be held Saturday noon at the Southern Tea Room in Urbana. The guests are to be the resident alumnae and former students of the college who live in Champaign and Urbana, young women who formerly

attended the Woman's college and are now enrolled at the University, and former students and alumnae who are in Champaign this week end to attend the state conference of high school teachers. About seventy five are expected to attend the luncheon and the affair will be in the nature of a reunion. Miss Miriam McOmber, alumnae field secretary of the college has been in Champaign for the past week and has aided in making the arrangements for the affair.

## Mr. and Mrs. Long Honored At Bridge Friday

Mr. and Mrs. Chester Hamphill entertained a limited number of friends at their home on West Main street in honor of Mr. and Mrs. Sterry Long of Pontiac, Illinois, who are house guests of Mr. and Mrs. W. A. Fay. Four tables of bridge were made up and the evening very delightfully spent in playing. After the cards an attractive luncheon was served.

## W. R. C. Holds Regular Meeting

The Woman's Relief Corps held a regular meeting yesterday afternoon at the American Legion hall. Mrs. James C. Weber, the president, presided at the meeting and following the regular business session, she introduced Mrs. Flo Jameson Miller of Monticello, Illinois, who gave instruction to the corps. After the address by Mrs. Miller there was a pleasant social hour and light refreshments were passed.

## Mrs. Sol Swanson Entertains Friends

Mrs. Sol Swanson of 1425 South West street entertained a number of her friends at a social gathering Friday afternoon. A very pleasant time was spent and delightful refreshments were served. Those present were Mrs. A. G. Lind, Mrs. Fred Gustafson, Mrs. Fred Strandberg, Mrs. Colby Wagner, Mrs. C. Sandberg, Mrs. Charles Peterson, Mrs. Hulda Deeters, Mrs. J. A. Carlson and Mrs. J. A. Hubbard.

## History Club At L. W. C. Hears Dr. Brokaw

A plea for tolerance and for a thinking, unprejudiced view of the conflict in the Near East was made by Dr. R. V. Brokaw, of this city, at a regular meeting of the History club of Illinois Woman's college last evening.

Dr. Brokaw served as a contract doctor with the Serbian government in European Turkey during the typhus epidemic in the year 1915. During this period the doctor came in intimate contact with the Turks, the Bulgarians, the Serbs, the Greeks and the various nationalities of Macedonia and had personal relations with some of the Armenians.

Dr. Brokaw expressed the opinion that the problems of the Near

East were not based upon religious but were essentially economic problems, and that religion is being used to cover the real issues involved. The smaller nations of the Balkans and of Asia Minor are but puppets in the hands of the stronger European powers and there will continue to be conflicts between these smaller powers as long as England, France, Germany and Russia continue to maneuver for the possession of Constantinople and the Dardanelles.

Miss Thelma Pires is the president of the History club and Miss Myra Childs the chairman of the program committee.

## Travelers Held Dance

A dance was given Friday evening by members of the U. C. T. association. About a hundred couples were present at Auto Inn, the place of the dance, and a pleasant evening's dancing was enjoyed with the aid of Brown's orchestra.

The committee in charge included Fred Cain, John E. Rose, Howard Woodman, H. A. McLaughlin and D. B. Haskins.

## Mrs. J. J. Reeve's S. S. Class Enjoys Social

The Student S. S. class of Grace M. E. church, taught by Mrs. J. J. Reeve, gave one of the most attractive and interesting socials of the season in the parlors of the church last night. It was in the nature of a "pot luck lunch" to which each member contributed his or her bit to eat.

The arrangements were handled by a committee of some sixteen students. Miss Lora Glass acting as chairman of the games of the evening.

A special feature was made possible by the presence of two representatives of the Redpath Opera house now playing at the opera house.

Mr. Dailan, accompanied by Mr. Wilson, both of the VanBrown Trio, gave two baritone solos. Following this Miss Lora Hall gave two readings, and Miss Goldie Snyder entertained the group with several popular songs. The group spent the remainder of the evening in games, singing, and washing dishes.

## WAVERLY YOUNG WOMAN DIES IN WEST

Remains of Miss Myrtle Henry to Arrive From Colorado Today—Football Game With Auburn Cancelled.

Waverly, Nov. 24.—The body of Miss Myrtle Henry, who died at four o'clock Thursday morning at Colorado Springs, will arrive in Waverly Saturday and funeral arrangements will be made. Miss Henry left here together with her parents, Mr. and Mrs. Wes Henry, several months ago, hoping to benefit her health.

## News Notes

The Waverly Municipal band will give a dance at Rodgers' garage, Wednesday night, Nov. 29. The football game scheduled between Waverly and Auburn for Thanksgiving has been cancelled owing to parental objections to some of the members of the team playing. Two deaths having resulted from injuries to members of the Waverly High school team within the past year.

Rev. J. E. Curry was taken to Passavant hospital in Jacksonville Thursday for medical treatment.

The grade school will present an operetta, "The Flower Queen," Friday evening, Dec. 8, at the Bijou theatre, directed by Mrs. Henry Miner.

## NEW FEATURE AT GRACE M. E.

A new feature of the Sunday school exercises at Grace M. E. church for this week comes in the fact that Mrs. J. J. Reeve's student class will take charge of the evening exercise. It is planned that Mr. Guild, president of class, will act as superintendent, others will give a program and the whole class proposes to make itself a Sunday school choir under the leadership of Miss Goldie Snyder of the Illinois Woman's college. All the members are especially urged to be present and on time at 9:30.

## SCOUTS PLAN SHOW TO GIFT UNIFORMS

Troop No. 8 of Jacksonville Boy Scouts at a meeting Thursday night at Westminster church discussed uniforms and decided to give an entertainment early in February to secure funds for the suits. Meeting time was changed from Thursday night to Saturday night as a time more convenient to all concerned. With Lieutenant Harold Bigelow, scoutmaster, as referee, push-ball and boxing contests were carried on and some time was spent in drill.

## PLANS FOR CHRISTMAS SEAL SALE IN MAKING

New Method to be Followed This Year in Appeal to Citizens—Chairmen and Sub-Chairmen Named for Campaign.

Plans for the Christmas Seal campaign in this county have been under way for some time past and will be fully completed by the date of the opening of the campaign, December 1. Miss Gladys Knapp will be the general chairman and will have the assistance of a large number of workers.

The campaign this year will be carried on along somewhat different lines. Seals will be mailed to every resident of the city with a return envelope in which to make remittance. This plan has been determined upon in place of the house to house canvass made heretofore.

On December 11 the grade school children will make a special canvass and Saturday, December 23, will be Christmas seal tag day.

The sub-chairmen in this city will be the following:

Mrs. Ben Lorton, Miss Irene Smith, Miss Mary Wadsworth, Miss Ruby Mann, Miss Dorothy Wall and Miss Grace Tilton.

Some of the county chairmen have already been appointed but the list is by no means complete. The chairmen who have been appointed for the county are:

Mrs. Charles M. Strawn, for Alexander; Mrs. Clarence Thompson, for Arcadia; Mrs. F. D. McKinney, for Chapin; Mrs. William Douglas, for Franklin; Mrs. W. E. Rexroat, of Liberty; Mrs. Grace Burdick, of Mercedosa; Mrs. N. T. Fox, of Sinclair; and Mrs. W. A. Barrows, of Waverly.

Chairmen will be named for the various colleges in the city and also for the schools. The seals are sent out by the Illinois Tuberculosis society and the money from their sale is used to fight tuberculosis. Three-fourths of the proceeds will be spent in the county and one-fourth sent to the state office for use in the state.

There is every indication that this year's campaign will be one of the most successful ever conducted locally and a substantial sum thus added to the Tuberculosis society's treasury.

## CONFERENCE PLANS ARE BEING MADE

Student Conference Will Be Held Here December 1 to 3—Under Auspices of Central Illinois Student Volunteer Union.

Arrangements are being made for the 11th Central Illinois Student Conference to be held in Jacksonville, December 1st to 3rd under the auspices of the Central Illinois Student Volunteer Union. The conference is to be conducted under the auspices of the Illinois College and Woman's college of this city, and the student volunteer committees of the two colleges are in charge of the arrangements for the gathering.

The theme of the conference is to be "Why Christianity Is Adequate For All Countries," and a number of eminent speakers will be present. Dr. Paul Harrison of Arabia, will make an address on the conditions in the Near East and on the work of Christian missionaries in eastern countries. Miss Mary Baker, of the Student Volunteer Movement will be present and will make an address. Miss Baker is connected with the work of the leading foreign students of the middle west and is a prominent worker in collegiate circles.

The conference will be attended by students from colleges in Illinois and neighboring states. The representatives will be entertained by the students at the Jacksonville colleges. The sessions of the conference are to be held at the Grace church and congregational church and the conference headquarters will be at Grace M. E. church. Miss Mary Thompson is the president of the Student Volunteers at the Woman's College, and Miss Isabel Ames has charge of the arrangements at Illinois College.

## ENTIRE STUDENT BODY TAKES TEAM TO TRAIN

The School "on the hill" had no claims on the students during the last two periods of the morning Friday. Upon petition the Illinois college faculty dismissed during those periods in order to allow the entire student body to accompany the football men to the train that took them to Augustana for the final game of the season.

Student enthusiasm was increased by the possibility of the conference championship going to Illinois in case of a win from the Swedes, who have not won a game this season. Illinois' record is considered better to date than any team in the conference playing principally conference games.

The church school of the Lymanville Christian church meets Sunday at 9:45 and is followed by the morning sermon, "Shall Our Thanksgiving End in Words?" The Junior and Senior endeavors will meet at 6:30 and are followed by the song service and preaching at 7:30. In place of the usual services, the evening program will consist of a story given by a reader and the incomplete story will be filled in by songs by the quartet. We cordially invite you to be present.

## Mrs. Bertrand is Well and Happy As a Girl

"Before I took Tanlac I was so run down I could hardly do my housework, but now I can sweep and iron and bake and take care of baby without feeling a bit of weariness." This statement was made recently by Mrs. B. Bertrand, 1235 Calumet Ave., Hammond, Ind.

"I had no appetite and my stomach was so disordered that even after the lightest meal gas would form and almost suffocate me. My nerves were running wild and so I couldn't sleep well and all during the day I was troubled with headaches and dizzy spells."

"My health was simply being wrecked, and when one of the neighbors recommended Tanlac I lost no time in getting a bottle. All at once my appetite started up, my stomach trouble disappeared and I have finished my third bottle feeling like a new person. My nerves are no longer opsy-turvy and I am so well and happy that I just feel like singing all day long."

Tanlac is sold by all good druggists.—Adv.

## UNEXPECTED CHANGE MADE IN YALE LINEUP

NEW HAVEN, Conn., Nov. 24.—An unexpected change was announced in the probable Yale lineup for the annual football contest with Harvard here tomorrow. Charlie O'Hearn, star quarterback of last year who has been in college because of injuries this fall, was chosen as his choice for left halfback in a backfield that includes as its other members, Neidlinger at quarterback, Mallory at fullback and Captain Jordan at right halfback. O'Hearn displaces Wright.

Yale still ruled the favorite in the wagering tonight, but with the odds narrowing as a result of increasing hopes and confidence.

## GENARO TO MEET PANCHITO VILLA

New York, Nov. 24.—A forfeit of \$2,500 binding a challenge by Frankie Genaro, New York flyweight, for a title match with Panchito Villa, Filipino flyweight champion, was posted today with the New York state athletic commission.

## FINAL GAMES IN THE EAST TODAY

NEW YORK, Nov. 24.—Finals will be written tomorrow at the foot of most of the college football schedules in the east. The two outstanding contests are the classic clashes between Harvard and Yale and the Army and Navy. The outcome of these two games like many another this fall appears to hinge upon the breaks of the play. In the case of the Yale-Harvard struggle the Elis appear to be a trifle stronger in line and backfield and to have a more powerful offense. This offensive has not been remarkable for brilliancy in handling and several times has slowed down to mediocre standards at the most crucial moments of advance.

Yale has a stronger, powerful line with a particularly impressive center trio. It probably is stronger than Harvard center and guards. The Crimson ends possibly hold sufficient superiority to counterbalance and thus equalize the lines. The Blue backfield both in first and second string material is a better scoring combination than Harvard's. But it is not likely to function with the same smoothness and deceptive power as the Crimson's particularly if Buell is at quarter for Harvard and plays thru the game.

For Harvard both Quarter Back Buell and Half Back Owen as essential to the Crimson's strongest offense. Neither is in perfect condition. Mallory and Wright may or may not appear in the Yale initial line and the same is true of O'Hearn.

Buell is one of the best quarterback generals in the east and his selection and execution of plays from a major proportion of the Harvard offense. Owen is the best plunging back of the Crimson. In this department of attack he is fully as strong as Captain Jordan of Yale. The Army and Navy at Philadelphia with its traditionally colorful setting of notables in official and social life promises to develop a keen contest between two powerful, veteran aggregations with the West Pointers conceding a slight edge in attacking strength both teams are expected to resort to an open game, but the cadets with two brilliant receivers

ers and passers in Quarterback Smythe and Fullback Wood, are thought better equipped than their rivals in this department. The Dartmouth-Brown game at Boston, the Notre Dame-Carnegie Tech tussle at Pittsburgh and the annual Lehigh-LaFayette contest at Easton, Pa., are other outstanding games.

## MONMOUTH LOST TO MACOMB TEACHERS

Monmouth, Ill., Nov. 24.—Monmouth college football team lost to the Western Illinois State Teachers college of Macomb today, 6 to 3. Monmouth scored in the first quarter on Glanville's drop kick from 25 yard line. A blocked punt on the four yard line gave Macomb a touchdown. Clark of Monmouth was injured and will be out of the Knox game here Thanksgiving Day.

## STAR BRADLEY TACKLE IS OUT

Peoria, Ill., Nov. 24.—John "Dutch" Meinen, Bradley left tackle who won berths on every all-state eleven selected the past three years will be out of the Tech lineup for the first time in four years tomorrow at the Carthage game. Meinen was hurt at the Lake Forest game a week ago and may be out for the rest of the season. Meinen played four years on the Pekin high school eleven without missing a game.

## KNOX PLAYS LAST HOME GAME TODAY

Galesburg, Ill., Nov. 24.—The last home game for the Knox college football team will be played tomorrow when the Illinois Wesleyan eleven invades the Swash camp. Coach Grogan has been putting the team thru stiff scrimmage practice all week in preparation for the game. Both teams are in good condition.

## LOUISVILLE TO REBUILD PARK

Chicago, Nov. 24.—The Louisville club of the American association will build a \$100,000 baseball park seating 15,000 to replace the one destroyed by fire. President Hickey announced tonight. It will be modeled after the Chicago National league park with the grandstand so constructed that it can be converted into a double deck later.

## "SURE WE'LL WIN." MICHIGAN SAYS

Minneapolis, Minn., Nov. 24.—"Sure we'll win," was the Michigan team's attitude toward tomorrow's game with the University of Minnesota football team after both squads had taken final work outs on Northrop field today.

## Illinois Guard Is Highly Rated By Yost

JIM McMILLEN

After Fielding H. Yost of Michigan had seen Jim McMillen, Illinois' left guard, perform against Wisconsin in the famous game whereby Illinois tomahawked the Badgers 3 to 0, he said this: "McMillen is certainly the best guard in the conference—and probably the best one in the United States."

Jim McMillen is a big lad of 200 pounds, who came from Days Lake, a little town in northern Illinois. He managed to win 1921, but didn't set the world on fire until he played on the Illinois varsity in 1922.

This year Jim came out determined to make good or know the reason why. His performance against Iowa when the fighting Illinois played the conquerors of Yale to a standstill was little less than sensational. Time and time again he broke thru the Hawkeye line and tackled Locke and Parkin in their tracks. Against Wisconsin he was often the nemesis of the Red Rolfe Williams. McMillen often beats the ends down the field on punt. He's a fighter from start to finish and never has to leave a game before the final whistle.

## TROOP FOUR WINS FROM GET AWAYS

Final Score is 10 to 6—Second Teams Also Played, the Get Aways Winning 14 to 2.

Playing their first game of the season the basketball team of Troop 4 Boy Scouts, defeated the fast "Get Away" team at the I. S. D. gymnasium Friday evening by a score of 10 to 6. The game was a fast and hard fought one and very few fouls were made.

The gym being small, made it necessary to resort to free for all playing which resulted in little team work by either team. The teams were about evenly matched and the scoring was not frequent. Most of the baskets were made from the center of the floor. The guarding was especially good, which forced the forwards to take long shots.

Just before the main contest the second team of the Get Aways whipping the Troop 4 second 14 to 2.

The lineup for the first team game was:

Troop 4—	FG	FT	Tot.
Smith, f	0	0	0
Graff, f	2	0	4
Hoover, c	2	0	4
Cumming, s	1	0	2
Deweese, g	0	0	0
Total	5	0	10

Get-Aways— FG FT Tot.  
Osborne, f 1 0 2  
Wright, f 0 0 0  
Fitch, c 2 0 4  
Gard, g 0 0 0  
Peterson, g 0 0 0  
Totals 3 0 6  
Referee—Arter.

## BELOIT PLAYS RIPON AT ROCKFORD

Rockford, Ill., Nov. 24.—Coach Guy Sundt and his squad of 28 Ripon players arrived here today for the game with Beloit tomorrow. The teams transferred their game from Ripon to Rockford at the invitation of the Rockford Chamber of Commerce. A victory for Beloit would give Coach Mills' squad a tie with Lawrence for the Wisconsin Collegiate Championship.

## THOMAS BESTS JOE WELLING

New York, Nov. 24.—Andy Thomas of New York was the decision over Joe Welling, veteran Chicago lightweight after a fast 12 round bout tonight. Welling scored two knock downs and had all the better of the fight in the early rounds but weakened later. Welling weighed 136, Thomas 136 1-2.

Jack Hubbard, the well known barber, is now to be found at the shop of Jim Butler where he will be glad to meet his many friends.

## BIG TEN TEAMS ARE PLAYING EACH OTHER

Chicago, Nov. 24.—With every team in the "Big Ten" in action and each meeting a conference opponent, the curtain will drop on the western conference football season tomorrow and indications are that the championship will be shared by the three undefeated leaders—Michigan, Iowa and Chicago.

Wisconsin's Badgers will invade Chicago determined to "scrap" the Maroons' claim to a championship. Northwestern will meet Iowa at Iowa City, Michigan who has been scored on but once this season will play Minnesota at Minnesota and the Ohio-Illinois battle will be staged at Urbana. Purdue opposes Indiana at LaFayette to decide who will occupy the cellar in the championship race.

Altho confident of victory Chicago fans believe the game with Wisconsin tomorrow will be the more desperate fight than was waged against Ohio or Illinois. The running, aerial attack of the Badgers makes them dangerous at every stage of the game but Coach Stagg of the Maroons believes he has perfected an anti-aircraft defense.

For two weeks Coach Thistlewaite and his assistants at Northwestern have been perfecting new and trick plays to surprise Iowa. The Hawkeyes after their close call at Columbus a week ago are reported to be on edge and plan to play a driving game from the start and pile up a safe margin.

The Michigan-Minnesota clash will end the gridiron careers of several Wolverines, among them Captain Paul Goebel, who is regarded as one of the great ends in the conference. The Wolverines teaming with confidence in their ability to register another victory are conceded the edge, but the Gophers with two weeks of practice are pointed for the game and promise to hold Yost's players to a close score.

For the first time in seven years the Ohio-Illinois game at Urbana will not affect the championship situation.

## U. OF I. FRESHMEN END FOOTBALL SEASON

CHAMPAIGN, Ill., Nov. 24.—The Illinois freshmen football team ended its season today and Coach Burt Ingwersen announcing list of freshmen who won numerals as follows: Capt. Harold Grange, Wheaton; Bill Kennedy, Lagrange; Howdy Bauer, Chicago; M. Mittenwiler, Denver; Col. R. L. Hall, Logan; J. R. Lane, Chicago; M. E. Smith, Chicago; W. C. Crawford and C. S. Pester, Waukegan; Harold Baker, Rockford; Earl Britton, Elgin; Harold Neil, Greeley, Colo.; C. Chambers, Cairo; Paul Cook, Muskegon, Mich.; C. A. Brown, Cline Park; William A. Carr, Chicago Heights; F. D. Fisher, St. Louis; A. G. Hull, Springfield; R. F. Kock, Chicago; J. W. Muir, Batavia; W. Ems, Ogden, and C. A. Muhl, Oskaloosa, Ia.

## LOMBARD WINS FROM ST. VIATORS

GALESBURG, Ill., Nov. 24.—Lombard College established a claim to the Illinois Minor College conference championship today when St. Viator was defeated 30 to 6. Viator scored in the first three minutes of play when McCarthy raced 66 yards thru a broken field for a touchdown. A blocked punt allowed Capt. King of Lombard to register the Olives first score and a long pass Swanson to Lamb netted the second. Hummel plunged over the line for the third, Swanson kicking the last two goals.

## ILLINOIS FINISHES PRACTICE FOR OHIO

CHAMPAIGN, Ill., Nov. 24.—The University of Illinois football team tonight finished practice for the Ohio State game tomorrow. Bob Zuppke practiced forward passing and signals until 5 o'clock. The Illinois line will stay as it played Chicago but the backfield will be changed. Chris Woodward taking a place at left half back, McIlwain at right instead of left, Rine Clark at quarter with Steve Coutech ready for reserve. Schultz will be at full back with Sam Hill in readiness to replace him.

## Market Report

By The  
Associated  
PressSTOCK MARKET PRICES  
AGAIN IRREGULAR

NEW YORK, Nov. 24.—Prices in  
today's stock market were again ir-  
regularly lower. Sporadic rallies in  
individual issues combined with ex-  
tensive short covering on the theory  
that the decline had been overdue  
and technical conditions warranted a  
rally, gave the market the appear-  
ance of strength during the early  
part of the session but the half-  
hearted way in which the rally pro-  
gressed induced further liquidation  
and short selling, which spread a  
wave of weakness over the list at the  
close.

Equipment, food, oil, textile and  
motor stocks rallied one to three  
points above yesterday's closing  
prices rebound as did some season  
dividend paying rails in which there  
were indications of investment buy-  
ing.

Independent steel shares were  
again subjected to short pressure but  
they offered more stubborn resistance,  
U. S. Steel, common, Gulf States  
and Lackawanna were unchanged  
but Bethlehem "B" and Crucible de-  
clined 1 and 2 respectively.

Standard Oil shares yielded more  
easily. Standard of New Jersey closing  
at 190 or sixty points below the  
high figure reached just before the  
declaration of the stock dividend.  
Relaxation of pressure against some  
of the railroad shares resulted in  
mixed changes at the close.

Chicago, Great Western, preferred  
broke 2 points and Delaware and  
Hudson yielded 1½; Lackawanna  
improved 1½ and Illinois Central pre-  
ferred 1½, most of the other changes  
being of fractional character.

Studebaker climbed to 124½ but  
it was picked out as a target by short  
interests toward the close and  
knocked down to 122½.

Call money opened and renewed at  
4½ and advanced to five in the late  
afternoon closing at that figure.

Time money was more plentiful to-  
day some 30 day loans being arranged  
on a 4½ per cent basis. The com-  
mercial paper market was comparatively  
quiet with the ruling names com-  
manding 4½. Foreign exchange busi-  
ness was again quiet, prices fluctuat-  
ing within narrow limits. Demand  
sterling was quoted around 84.95  
and French francs around 7.13.

CASH GRAIN  
REPORT

CHICAGO, Nov. 24.—Wheat in the  
cash market today closed higher  
with premiums 1½c better for con-  
tract red and unchanged to 1c higher  
for off grades. Hard wheat was firm  
and yellow wheat hard was unchang-  
ed to 1c higher.

Premiums were unchanged on  
mixed and white grades and quarter  
to 1c better on yellow grades. Ship-  
ping sales were 815,000 bushels in-  
cluding 775,000 bushels to exporters  
late yesterday and today. Charters  
were made here for 330,000 bushels  
to Buffalo. Sales of 15,000 bushels  
were made to go to store here.

Demand for oats was good.  
Prices were 1c higher and prem-  
iums unchanged to 1c better. Ship-  
ping sales 235,000 bushels including  
120,000 bushels to exporters.

### C. P. & ST. L. MUST BE KEPT IN OPERATION

So Declares Representatives of  
Many Cities in Conference Held  
Friday — Cheering Message  
From Illinois Commerce Com-  
mission.

More than 100 representatives of cities and towns touched by the C. P. & St. L. railroad were in Springfield yesterday to attend the conference held at the Sangamo club. The purpose was to consider arguments to be advanced before the Illinois Commerce commission to show that the C. P. & St. L. railroad must not be abandoned.

Before going to Springfield Friday morning members of the Jacksonville committee representing the chamber of commerce, met and decided to employ Attorney John J. Reeve to prepare a petition it is desired to circulate in Jacksonville with reference to the matter, and to represent the chamber of commerce and the city at the coming hearing.

Later A. R. Eyre, chairman of the committee and Harold Welch as secretary went to the Springfield conference. Others from this county were C. F. Berry of Jacksonville; W. E. Murry, L. L. Terberry, Jay Rodgers, president of the Waverly commercial organization and Wilson Smith, publisher of the Waverly Journal.

At the conference various proposals as to procedure were made and the assembly was heartened by a message from the Illinois commerce commission, indicating that the commission is prepared to take every possible step to help the railroad to prevent the abandonment proceeding.

Members were named on a special committee which consists of a delegate from each county affected were directed to organize the public sentiment in their community and to make certain that each community is well represented at the hearing December 9. The members of the committee are:

H. C. Welsh, Jacksonville; R. C. Taylor, Virginia; O. B. Eddy, Peoria; J. H. Braucht, Pekin; Herbert A. Tuohy, Springfield; W. E. McFarland, Havana; R. D. Martin, Palmyra; Virgil Whipp, Petersburg. Mr. Tuohy was elected chairman and Mr. Eddy secretary of the committee.

Jersey and Madison counties were expected to name representatives today. Letters will be sent to the interstate commerce commission and the Illinois commerce commission outlining the views of the various cities. Chairman Tuohy who believes that the only solution of the problem will be by the absorption of the C. P. & St. L. by some strong railroad, preferably the Rock Island, was instructed to interview Rock Island officials and learn the facts as to the possibilities of purchase.

The four outstanding features of the conference and further facts with reference to the meeting are outlined in the Springfield Register in the paragraphs quoted:

#### COMPLETES WORK

The Jacksonville Railway and Light company has completed the placing of poles and cross arms on the new electric light lines on Mound avenue. The line extends from the end of the car line to the residence of W. A. Wesner. It is probable that service will be established on the line within the next few days.

tion of the railroad and is convinced that funds for that purpose are not obtainable. It has carefully considered the matter of reorganization, but the history of the road, from its inception through its many reverses and reorganizations, none of which reorganizations has been successful, the physical condition of the property and its inability even under the efficient management of receivers to earn its operating expenses, make further reorganization impossible.

"The committee, therefore, urges that the only possible and proper course to pursue is to procure the abandonment and operation and under decree of foreclosure, to have the properties of the railroad sold free of the obligation to operate. Further operation, even for a limited time, will result only in increased deficits, further damage to the bondholders' security and equity in the property and consequent irreparable loss to the trust estate."

#### Gives Smith's Message

Mr. Tuohy, traffic manager for the Springfield Chamber of Commerce, who was in charge of arrangements for the meeting, delivered a message to the representatives from Col. Frank L. Smith, chairman of the Illinois Commerce commission, regarding the proposed abandonment of the line and by the bond holders and then presented figures concerning the value of the line and of the earnings of the road for the past few years.

Mr. Smith was quoted as saying the Illinois Commerce Commission stands ready to interest itself and to use its full power and authority and good offices to take whatever steps might be feasible to save the line in the public interest and to conserve as far as possible the interests of those who have their money invested in it.

It is likely that by the time of the court hearing on December 9 the commission may have some suggestion to offer the court that will lead to the solution of the problem.

Following the presentation of Mr. Smith's statement, Mr. Tuohy gave a review of the financial status of the line. He showed that there is at present invested in the road and equipment \$8,250,000. Capital stock in the railroad is listed as \$4,000,000, bonded indebtedness \$4,000,000, interest matured and unpaid \$1,000,000 and current obligations \$1,000,000, thus making a total of \$10,000,000 which the railroad really owes.

#### Blames Government Operation

To offset this, it is shown that abandonment proceedings will hardly net more than \$2,500,000 from the road in a scrapped condition. The railroad owns 51 locomotives which are easily worth \$10,000 apiece; the freight and passenger equipment and rails are worth \$1,500,000; face value of the stock owned by the road in the Peoria & Pekin Union terminal is set at \$250,000; stock in the Alton terminal is listed at \$100,000; and in the Missouri-Illinois bridge \$13,000.

The last year the earnings were sufficient to pay the interest on obligations was in 1917, when an operating income of \$230,000 was shown. In 1921, the net income showed a deficit of \$730,000. These figures were presented by Mr. Tuohy.

This great loss Mr. Tuohy attributes to the operation of the railroad by the government. He states that the earning power was greatly destroyed because of joint operation of the road with other lines which probably had the effect of taking from it permanently a great deal of traffic formerly enjoyed. The traffic commissioner then followed his explanations of the situation with the prediction that the only solution to the problem lies in the consolidation of the line with some other railroad.

The discussed "community plan" of operation of the road has been talked of among cities along the line, especially those that would be isolated from communication with the rest of the country by rail. The plan, as discussed in its preliminary form, would entail the taking over and operation of the road for various sections by these cities thus isolated, together with assistance which might be rendered by some of the more fortunate towns.

The communities which would be without rail service of any kind in the event of cessation of operation, and among whom particular favor of such a proposal finds greatest favor, are Litchfield, Chandlerville, Bath, Forest City, Topeka, Kilbourne, Oakford, Athens, Cantrall, Modesto, Palmyra, Hettick, Chesterfield, Grafton, Fidelity, Elshah, Lock Haven and Dow.

### ROTARY CLUB HAD MANY GUESTS FRIDAY

Clarence Darrow and L. Y. Sherman in "After Dinner" Talks Passed Personal Compliments — Agricultural Association Speaker on Program.

Rotarians at their luncheon Friday at the Pacific hotel had an unusually large number of guests and the pleasure of hearing several speakers of prominence. In this group were Former Senator L. Y. Sherman of Springfield, Clarence Darrow of Chicago, R. A. Cowles of Bloomington and W. A. McNeil of Chandlerville.

Senator Sherman, Mr. Cowles, and Mr. McNeil were in the city on account of the district conference of the Illinois agricultural association and Mr. Darrow was here because of the assemblage he addressed at the court house last night.

Mayor E. E. Crabtree presided through the session yesterday and introduced the several speakers. Mr. Cowles, who is director of the Illinois Agricultural association, is in charge of the state publicity campaign with reference to the constitutional convention. However, yesterday he did not touch upon this subject but told instead of the general purposes of the Illinois Agricultural association and the necessity that has faced the farmers of having some voice in the distribution of his crops.

He touched upon the subject of co-operative marketing, which has been a development of recent years, and a matter of vital importance to the farmer, who is thus enabled to save some of the expense between the producer and the ultimate consumer.

Mr. McNeil who is district director of the Agricultural association expressed appreciation for the opportunity to speak but said that the time was not opportune for entering upon any general discussion of the agricultural association movement.

#### Days in Legislature Recalled.

Mr. Darrow spoke in reminiscence of his association with Senator Sherman some years ago, as a member of the Illinois legislature, and said that while they differed in some matters they found that in the great essentials they had very much the same views.

Then Mr. Darrow referred facetiously to his connection with farming and related how as a youth of 18 he once held a job on a farm for a day and a half and then quit after adopting the firm resolution that he would never indulge in hard work again. The speaker said he had kept that resolution.

Senator Sherman, like his predecessor, made reference to the days in the legislature when he and Mr. Darrow both served, making the assertion that one grows much more tolerant as the years go by. Mr. Sherman said that now at the age of sixty-four he is quite content to spend his evenings at home in study or reading, without making very much of an effort to reform the world or to try to persuade other people that their opinions and theories are incorrect.

Then referring in a personal way to Mr. Darrow, the speaker said that it was really surprising to him to find that he and Mr. Darrow were intent on very much the same objectives, but they held different theories as to the best method of reaching those destinations. Then he said he could testify that Mr. Darrow is in truth a most tolerant man, one of gentle spirit who would wish no man bodily harm and most reluctantly injure the feelings of any person.

There was some clever repartee in the informal talks of both Mr. Sherman and Mr. Darrow and Rotarians found the program of the day one of the most entertaining that the club has known.

Among the guests present in addition to those already mentioned were Rolla Six of Barry, C. H. Island, of Ashburn, both of whom were members of the constitutional convention; Harry L. Chapman of Jerseyville; Senator W. B. Gray, H. E. Read, of St. Louis; V. E. Hornback, Denver, Colo.; Curtis Fiedler of Jersey county; Horace H. Bancroft, William N. Hairgrove, Thomas Cain, Dr. W. L. Frank of Jacksonville.

### TWO COUNTY BANKERS HELD CONFERENCE

Morgan and Scott Association Organized Friday—Will Give Attention to Matters of Mutual Interest.

Carrying out a plan fostered by the Illinois Bankers association, the Morgan-Scott Counties Federation of Bankers was organized in this city yesterday. This action was taken after an extended conference held at the Ayers National bank. An election of officers was held subsequent to the adoption of the plan, resulting in the choice of the following:

President—M. F. Dunlap, Jacksonville.  
Vice president—A. C. Moffet, Waverly.

Secretary-treasurer—W. M. Gish, Winchester.  
Other bankers present at the conference were A. B. Ring, J. C. Neat, J. T. Wilson, Winchester; C. F. Wemple, Waverly; William Roeggs, Meredosia; Frank J.

Heintz, A. C. Rice, Felix E. Farrell and E. E. Crabtree, Jacksonville.

The plans of organization were presented by H. L. Chapman of Jerseyville and Charles H. Ireland of Ashburn, both representing a committee from the Illinois Bankers association. County organizations serve as the connecting link between individual banker and the state association. Such an organization provides an opportunity for bankers to get together and discuss matters of local interest which cannot properly be brought before larger meetings. The thought in organization is that banks have many interests in common and that there are certain benefits that will come to all thru uniform action.

In Illinois at this time there are 69 county federations.
